

**The most accurate and reader-friendly translation of
The Protestant Ethic and the Spirit of Capitalism,
by renowned Weber scholar Stephen Kalberg**

October 4, 2010

Dear Professor,

In this volume, Stephen Kalberg revises his internationally acclaimed translation of *The Protestant Ethic and the Spirit of Capitalism*—using shorter sentences and more lucid language—to make the work even more accessible to students and other readers. Capturing the essence of Weber’s style as well as the subtlety of his descriptions and causal arguments, this is the only translation of the revised 1920 edition of *The Protestant Ethic and the Spirit of Capitalism* published since 1930.

To draw students into the material, this engaging volume includes **extensive introductions by the editor, a chronology of Weber’s life, a glossary, and numerous clarifying endnotes. Detailed commentaries** discuss the controversies Weber addressed, explain his complex causal argument by reference to the general contours of his sociology, summarize the history of “the Protestant Ethic debate,” and examine the significance of “the Protestant Sects” essays.

Ideal for courses in sociology, anthropology, political science, history, international relations, economics, and cultural studies, *The Protestant Ethic and the Spirit of Capitalism* is an essential resource for anyone seeking to understand the origins and endurance of the modern West.

You may have already received an examination copy of this text in the mail. If so, please take a moment to open it now and consider it for your course.

To request an examination copy, please visit us at www.oup.com/us/he, search for the book, and fill out the “Request Examination Copy” form. **Please remember to mention promotion code HEKALRE in your request.**
