

TRANSFER CREDIT/WAIVER REQUEST FORM

Use this form to request transfer credit and/or a waiver for graduate-level coursework taken outside of BUSPH. SPH students may petition to have a maximum of 8 credits transferred to meet degree requirements. Dual degree students are not eligible for transfer credit. Courses cannot have been used or be used towards another degree program. SPH students may also petition to be waived from requirements based on previous coursework. Students must earn a B or better for transfer credit and/or waiver to be granted. Attach the syllabus of the course to this form. BUSPH maintains a list of courses that are pre-approved for MPH elective transfer credit, a list of those courses are on the next page—a syllabus is not necessary for pre-approved courses.
