Engaging in Social Welfare Policy in the Context of COVID-19

This activity will support student opportunity in Competency 5: Engage in Policy Practice

Detail the impact of COVID-19 on your field placement agency and surrounding community. Research and explore agency based, local and state policies and initiatives that have been developed to mitigate the impact of COVID-19 on clients, collaterals, and the larger community. Utilize websites, published reports and phone/email interviews, if feasible. Write a summary of your findings.
