Spring and Summer semester internships are available in Houston, Chicago and a few of our other locations for undergraduates and graduate students!

We are looking for talented and motivated students to work with us as we create the future of energy and customer solutions with our strategy for a zero-carbon footprint.

All positions are listed on Handshake and our company website. New opportunities are posting often. Competitive hourly pay rates are based on college classification and discipline.

Some of our opportunities include, but are not limited to, the following:

Data Scientist Intern, Houston, TX:  

Software Developer Intern, Houston, TX:  
https://www.jobs.engie.com/jobs/software-developer-intern-2206-137846

Sourcing Intern, Houston, TX:  
https://www.jobs.engie.com/jobs/sourcing-intern-2307-139094

C&I Solar Business Development, Chicago, IL:  

Business Development Intern, Houston, TX:  

Electrical Design Engineering Intern, Chicago, IL:  
https://www.jobs.engie.com/jobs/electrical-design-engineering-intern-2142-139215

At ENGIE North America, innovation and excellence create a platform for growth. We have a range of businesses in the United States and Canada, including clean power generation, cogeneration, and energy storage; retail energy sales; and comprehensive services to help customers run their facilities more efficiently and optimize energy and other resource use and expense. Nearly 100 percent of our power generation portfolio is low carbon or renewable.

For these roles you must have authorization to work in the United States without sponsorship. Qualified applicants are considered for employment, and employees are treated during employment without regard to race, color, religion, sex, sexual orientation, national origin, age, disability, veteran status, gender identity, or expression, genetic information or any other legally protected status.
