What-If Audits

What-If audits allows you to process speculative degree audits for a student using their current class history. To access the What-If screen, click the What-If tab located on the Introduction page.

To generate a What-If degree audit, select the requirements you wish to audit the student against. The selected items will be moved to the window on the right.

To deselect an item from the window, highlight the item then click the Remove button located below the window.

To process the What-If against the selected requirements, click on the Process What-If button at the top of the What-If frame.

Class History

The Class History link presents a list of classes, organized chronologically by semester, for which the student has enrolled.

Logging Out of Degree Advice

To log out of Degree Advice, select the Log Out tab located at the top right of the Degree Advice web page.

Contacts

For advising questions, contact your school or college:

http://www.bu.edu/reg/degree-advice-contact

For technical issues:

E-mail: ithelp@bu.edu
http://www.bu.edu/tech

To provide Degree Advice feedback:

E-mail: degadvic@bu.edu
Accessing Degree Advice

Advisors may view a student's Degree Advice using either of two entry points:

1. Through The Links web tools http://www.bu.edu/link

2. Using an internet browser, enter the dedicated URL:
   http://www.bu.edu/degree-advice

Both sign-on methods require a BU username and Kerberos password. Not all Degree Advice users will have access to all the functions described in this brochure.

Viewing Degree Advice

All data fields along the top of the screen are shaded except for the Student ID field. Yellow fields are non-selectable and cannot be used for search queries. White fields are active fields.

You can search for a student by typing in the student’s BU ID into the Student ID field and pressing the Enter key or tab key. With few exceptions, students enrolled in a multiple degree will have each degree appear individually in the Degree drop-down list box. An advisor may select the specific degree from the Degree drop-down list for audit processing.

The Name field contains a drop-down list box of student available to the user depending upon your level of access. If this drop-down list box contains no values, click the Find button to select an individual or group of students. This will open up a new search window.
