Requesting Comp Time – Non-Exempt Weekly Paid Staff

This instruction guide explains how a non-exempt employee can request for Compensatory (Comp) time on a timesheet. When a non-exempt employee works on a day that they are not supposed to work on, they can request to be paid for the hours worked OR request Compensatory (Comp) Time in lieu of payment for the work performed. For example, if their work schedule falls on a holiday and they work on that day OR if the employee works during a University Emergency closing, OR if they work during intersession they can request for Comp time. An earned Comp day is valid to be used only for six months from the day it was earned on. L2324 employees must use up earned Comp time before the end of the fiscal year.

1. Log on to BUworks Central [https://ppo.buw.bu.edu](https://ppo.buw.bu.edu)
2. Click on Employee Self-Service tab
3. Click on Record Working Time under Time Services
4. A three-month calendar is displayed in the upper half of the screen. The timesheet shown in the lower half of the screen allows you to record your hours and request for Comp time.

Make sure you are in the appropriate pay period to record your working hours (note the dates in the “Week From” box). If you are not in the correct pay period, you can toggle to future or previous weeks by clicking on the “Previous period” and “Next period” buttons.
