3. What would you most like to see improved about your internship experience between now and the end of the semester?
4. How do you feel about your coursework?
5. What would you like to see included as part of your coursework that your professors have not yet touched on this semester?
6. Realistically, what would it take for you to say this has been one of your best semesters as a Boston University student?
7. Is there anything else you would like to see included as part of the experience (explain)?
