Course Overview

You can’t market a country as you would a breakfast cereal, nor can you work successfully in a country if you don’t understand what makes it tick.

A country is unique, its peoples are unique, its attractions are unique. Britain is no exception. To be successful in tourism related businesses in Britain requires specialist marketing strategies and skills together with an extensive knowledge of the country and its culture.

How does the provision of tourist related services differ in Britain? Why should I hold my annual conference in Britain rather than France, or Bermuda or Cancun? And can Britain deliver what my clients are looking for?

We will examine all aspects of the British Tourist Industry through lectures, field trips, class discussions and video presentations.

You will acquire a basic core knowledge of Britain, be comfortable with British culture and understand what Britain can deliver to your clients in both a leisure and business context.

LECTURE 3 (Thursday 20 January at 09.30 at Westminster Abbey).
Field Trip to Westminster Abbey

Westminster Abbey is the coronation church of this country’s monarchs and dates back to the 11th century. It’s also where many famous and celebrated British citizens are either buried or commemorated. The present Queen was crowned here, the funeral service for Princess Diana was held here and it is a church with national and historical significance visited by many.

But isn’t it a place of worship first and foremost? What place do tourists have here?

Or, is this not a national monument, the vast majority of whose visitors have no interest in the Church of England? In a country where only a tiny minority of people go to any church to worship, let alone Westminster Abbey, why are there still religious services here at all? Don’t they intrude on the building as a tourist site? Where do we strike the balance? There will be a guided tour by the lecturer and we’ll assess the Abbey as a tourist attraction, how it’s marketed, and what visitors can expect from their visit.

Time will be given for a session designed to bring out the basic principles of marketing a tourist site and to examine issues unique to the Museum. What constraints are imposed in marketing a world famous private members club? Are there advantages? What do visitors expect and how does the Museum seek to fulfil those expectations? would you do it?
