The Venice Studio Arts Program offers students immersion in the most extraordinary artistic city in the world, whose museums, walkways, and canals form a truly unique classroom. The program is hosted in the beautiful Boston University Academic Center close to Campo Santa Margherita where, in addition to classrooms, students profit from wide and bright studio space.

Courses are taught by local faculty as well as by visiting faculty from Boston University. Students take art history, painting, graphic design and drawing in a dynamic environment. Excursions to major Italian cities, such as Florence, Bologna, Padua or Vicenza, as well as visits to local monuments, museums and galleries complement the curriculum.

Upon successful completion of the program, students earn eight Boston University credits.
