The On-Call nursing position is an 8 week summer position for a nurse to live on-campus in Lenox, MA, where Boston University owns property and hosts the Tanglewood Institute program. The nurse provides triage and assessment for high school age students and staff (under age 24) with health concerns in the overnight hours (8pm-7am) 6 days a week. He/she is provided with a BUTI cell phone for staff to call him/her with questions. Back-up coverage by an MD is provided by MACONY Pediatrics in Great Barrington, Massachusetts who have 24/7 on-call coverage.

The nurse is expected to evaluate students/staff (under age 24) with urgent needs and provide them with the care needed. In the event the student/staff requires more extensive evaluation and care, the nurse would refer them to the emergency room at BMC hospital in Pittsfield. The nurse would recommend transportation via ambulance or staff vehicle. The nurse will provide a nursing note in the Health Services office or communicate directly with the day nurse to give report on any students or staff for which they were called.

If students are referred to MACONY pediatrics for a scheduled appointment, the On-Call Nurse may be asked to take the student to that appointment in order to assure accurate evaluation and follow-up.

The On-Call Nurse will also work occasionally in the nursing office when scheduled to provide the direct care needed. During the two Sundays of program registration, the On-Call Nurse will work with the Nursing Coordinator to register students and help provide the orientation to Health Services. Additional, occasional day coverage is expected as needed, but with advance notice.

Compensation includes weekly salary, living accommodations, daily breakfast/brunch, lunch and dinner, local telephone service, and a Tanglewood grounds pass. The period of employment for the On-Call Nurse is from approximately Wednesday, June 15, 2011 through Sunday, August 14, 2011.
