Greetings, scholars!

Happy summer to those of you who have graduated, and I hope the rest of you enjoy the final days of senior year. This is the last newsletter you’ll receive at your personal address, so please set up your BU email address and start checking it regularly for important updates.

Academic Advising

Our CGS academic advisors have been very busy reaching out and connecting with you to discuss your academic interests and passions and to advise on plans during the gap semester. If you have not yet connected with your advisor, it is critical that you do so. Please visit CGSNow for instructions on how to book an appointment using AdvisorTrac.

Dual Enrollment Policy

Did you take college courses in high school? If you've taken courses at an accredited four-year college or university during high school, the BU registrar will evaluate your credits for transfer. Please follow the instructions on the dual enrollment form.

Health Forms and Information

Please go to the Student Health Services first-year student website for key forms and information that you must submit in order to come to campus in January.

FitRec

While we’re on the topic of health and wellness, if you’re in the local area during the gap semester, you have the opportunity to join BU’s state-of-the-art fitness and recreation center, FitRec. It has a ton to offer, including group classes, weight and cardio areas, sports and martial arts, and more. During the gap semester, you may join at the part-time student rate. Details can be found on the FitRec website.

I look forward to meeting some of you at the summer orientation sessions this month!

-Dean G.

Associate Dean for Student Academic Life

See what the Class of 2019 is doing in London right now

Since my last newsletter, the Class of 2019 January Boston-London Program landed in London and has been on the go ever since. Students toured Westminster Abbey, got a bird’s eye view of the city from the London Eye, posed for pictures on the Prime Meridian of the World, and took in classes and literature. Students are flourishing in their abroad experience.

But, enough of me telling you about it... get the weekly play-by-play on our website! Students have been sending us photos so that we can give you a glimpse into what you can expect during the exciting semester abroad. Follow #CGSLondon, check out the BU CGS Instagram and click here for website updates.
