STUDENT HEALTH

HEALTH HISTORY AND IMMUNIZATION RECORDS

★ YOU MUST SUBMIT YOUR MEDICAL HISTORY FORM PRIOR TO ENROLLMENT ★
You must submit your completed Immunization and Physical Form by July 1, 2015.

Immunization and Physical Form is available online on BU’s Student Health Services website. Make sure you complete the Medical Campus version of the health report.

What do I need to do?

• Print out Immunization and Physical Form.
• Schedule a physical exam with your primary care physician, as soon as possible
  ○ This is a pre-matriculation requirement
  ○ Student Medical Plan WILL NOT cover cost of required pre-enrollment exam and immunizations
• Give these forms to your doctor for them to complete
  ○ Take special notice of the Tuberculosis (aka PPD) testing and Hepatitis B (HepB) inoculations
• Make several copies of your completed health reports for your records.
• Enter immunization and health history into the SHS portal
  ○ Instructions can be found at http://www.bu.edu/shs/resources/ihr/mchealthform/
• Mail or fax completed reports to:
  Boston University Student Health Services
  881 Commonwealth Avenue
  Boston, MA 02215
  Fax: 617-353-3557

*Do not send the health report to the dental school.*

Students who fail to complete all of these requirements prior to matriculation may be restricted in academic and clinical activities, until such time as they have completed the required immunizations, Tuberculosis skin tests, have demonstrated the required titers, and provided the necessary documentation to Student Health Services (SHS).

REQUIREMENTS:

Hepatitis B vaccine:

• HepB vaccine is a series of three inoculations.
  ○ 1st inoculation: at initial appointment with your doctor
  ○ 2nd inoculation: 1 month after the 1st shot
  ○ 3rd inoculation: 4 months after the 2nd shot
• If there is insufficient time to complete the series at these intervals before matriculation, you should remain on schedule with the immunization series. You will remain “in compliance” as long as you continue on the schedule provided.
  A Hepatitis B surface antibody (HbsAb) titer must be performed four to six weeks after the third inoculation.
• If this test does not demonstrate a protective titer, additional inoculations may be required.
• For students who enroll shortly before the program start date, the vaccination series may be completed after matriculation.

Tuberculosis skin test:

• A baseline two step tuberculosis skin test with purified protein derivative (PPD)
• The 1st 2-part TB test must be performed 6 months prior to Orientation.
  • The 2nd 2-part TB test will be performed free of charge during Orientation.
• The skin tests should be 1 to 2 weeks apart.
All You Need To Know: An Orientation Guide for DMD '19 and Advanced Standing '17 Students

Around GSDM, there are many bike racks and three secured bike cages for all members of the medical community to use.

The racks are accessible 24 hours a day, 7 days a week, are not reserved but are on a “first-come/ first-served” basis.

The cages are sheltered from the weather and are BU ID access. The annual fee for the bike cages is $20. Application for bike cage can be found at http://www.bumc.edu/transcomm/bike/bike-cage-application/.

Hubway is a bike sharing system providing more than 1,300 bikes at 140 stations throughout Boston, Brookline, Cambridge, and Somerville. Students are eligible for discounted membership ($37.50 instead of $85).

For more information, please go to http://www.bumc.edu/transcomm/bike/hubway/.

ZIPCAR

ZipCar is a company that provides automobiles in convenient community locations for short-term rental. ZipCars are located on the Boston University Medical Campus in designated parking spaces. BU students are eligible for a reduced-cost annual membership to join the ZipCar program. It is possible to use a ZipCar on an hourly basis for errands, or to rent one by the day.

SAFE COMMUTING AT NIGHT

Keep in mind that in any urban setting it is important to pay attention to personal safety, and safety is a particular concern at night. The Public Safety Department (617-414-4444) recommends that you use the Evening Shuttle service for transport to authorized MBTA stops. On request, the Public Safety Department will provide an escort to the Evening Shuttle stop, subject to availability.

EVENING SHUTTLE

The Evening Shuttle serves the Medical Campus community within the BUMC area. The shuttle travels on request to BUMC parking facilities and local MBTA stations.

TAXI REIMBURSEMENT PROGRAM

Students are eligible for taxi reimbursements (up to $10) for rides from BUMC to local MBTA stations or to their home, if it is located within two miles of campus. This is only applicable on weekend and holiday evenings between dusk and 1:00 AM, when shuttles are not in operation.
INTERNATIONAL STUDENTS

INTERNATIONAL STUDENTS AND SCHOLARS OFFICE (ISSO)
888 Commonwealth Avenue (Charles River Campus), 617-353-3565, isso@bu.edu

All new international students must check in with the International Students and Scholars Office (ISSO), upon arrival. Detailed information about check-in procedures will be communicated by the ISSO via e-mail prior to the start of your program. ISSO provides professional immigration expertise and helps ensure student, scholar, and institutional compliance with federal regulations. ISSO staff are available to guide students through the often complicated requirements for foreign nationals studying in the United States.

CULTURAL ADJUSTMENT
You may not be familiar with all the cultures and language idioms of the United States or U.S. institutions of higher learning and it will take time to adjust to new ways of life, teaching and learning styles. Contact the Advanced Standing Faculty Liaison or Student Affairs if you have any questions.

CHILDCARE & EDUCATION
To learn more about childcare options and education, please go to https://www.bu.edu/uestogetting-started/living-in-boston/chilrcare-and-education. Little Sprouts is a childcare school located on BUMC Campus, not far from the dental school and offers early education for infants, toddlers, and pre-school aged children.

CELL PHONES
There are few options for obtaining a cell phone as an international student. When contacting companies, be sure to ask about student discounts and international calling plans. Some US cell phone companies are Verizon Wireless, AT&T, T-Mobile, Sprint, Virgin Mobile. Review their websites before making any decisions.

Types of plans:

**Contract plans**
- Most contract plans require a Social Security Number (SSN) for credit check purposes
- Some providers will ask for a large deposit if you do not have an SSN, but generally speaking providers will refund your deposit after 12 months of good standing
- Please note that breaking a contract before the end date will result in large fees
- Contract plans normally run 2 years

**Pay-as-you-go plan**
- These plans may have slightly higher rates on all phone functions (talk, text, web)
- Offer these services without requiring a SSN or a hefty deposit

**Family plans**
- These wireless service plans allow up to five lines to be on the same contract
- Keep in mind that it is difficult to add/drop lines once the contract is signed without paying fines or penalty fees
- Family plans might be an inexpensive option if you know a group of individuals that are signing up for a contact plan

**NOTE:** Many international cell phones only require purchase of a US SIM card and service plan to work in the United States. Please check with the below service providers to see if your International mobile phone is compatible with a US SIM card and their services.
