Question at hand:

On March 28, 2016 at 6:53 PM, the Student Elections Commission (SEC) received the following complaint:

Clean Slate claimed they were endorsed by CAS Student Government. However, other slates were also invited to speak to CAS Student Government and were told CAS Student Government was being nonpartisan. They lied. This is very confusing to voters and unfair since it was public during the voting period that began today.

Findings:

3/28/16

In a vote of 8-0 with no abstentions the SEC voted to award Clean slate no violation points on the grounds that it was clearly a miscommunication, the statement was rescinded within hours, and an apology was issued.
