Question at hand:

On March 22, 2016 at 11:45 PM, the Student Elections Commission (SEC) received the following complaint:

In Justin Flynn's bio, he states that he is a judicial commissioner. He is not a commissioner and this is false and misleading advertisement. The is against the BU handbook due to "Making a false statement."
I have attached photos with date and time stamps as proof.

Findings:

3/24/16
In a vote of 9-0 with 1 abstention the SEC has decided to dismiss this complaint on the grounds that at the time of bio submission, Justin was a judicial commissioner. Although the information became false on 3/21, the SEC decided to send him a cease and desist letter.
