Variation in English Dialects

This brand new course looks at...

- How dialects of English across the US differ from each other (with a brief look at British dialects).

- How linguists investigate grammatical diversity scientifically.

- How even non-standard dialects are rich and complex in their grammatical structure.

- How to be a well-informed consumer of media reports about variation in grammar.

Prereq:
CAS LX 250 Introduction to Linguistics

Instructor: Neil Myler
