January Boston-London Program
Welcome to Registration!
We recommend printing these instructions.

The Registration Form is for use after you have had your academic advising meeting and have carefully read the pertinent documents on your pathway and course selection, located on the CGS Registration webpage: www.bu.edu/cgsnow/

On the Registration Form, you will list your top three schedule options for Spring 2015. (Your spring schedule will include one CGS Core Schedule and one elective class.) Complete this form by Thursday, November 13. You will be registered for classes on Friday, November 14. After that time, you will be able to view your Spring 2015 class schedule at the “Current Schedule” page on your Studentlink, under the Academics Tab: www.bu.edu/studentlink

Step 1: Choosing an Elective

- There are many different elective options to choose from, depending on your intended major and interests. Once you have discussed your elective options with your academic advisor, you may search for elective choices under the “University Class Schedule” on your Studentlink, found here: https://www.bu.edu/link/bin/uiscgi_studentlink.pl/1381938733?ModuleName=univschs.pl

- Enter “SPRG 15” as the Semester and search by the Class Number of your desired elective (for example, Psychology 101 is shown here.)

- Leave the Section box blank, and select Go to see all of your options.
Your search will bring up several different sections for the class you’ve selected (Section codes are listed next to the class code on the left side of the screen: CAS PS101 D1 is one section, D2 is another, etc.)
  - Be sure to read the instructions at the top of each page to see how many sections you must select. (For example, if you choose CAS PS101 D1 for your lecture section, you must also choose a discussion section from D2-D5.) This will vary from class to class.

- Be sure to use the “Continue Search from” button at the bottom of the screen to continue through ALL of the class options (there are usually many more options than can fit on one page!)
  - When you reach a different class in the list (such as CAS PS211, pictured below,) you will see that you’ve reached the end of your options for the chosen elective.

- Keep track of the different elective options that you’d like to choose from. You’ll need to know the section numbers (such as CAS PS101 D1 and D2,) as well as the days and times of the classes to fit everything together on the Registration Form.
Step 2: Choosing a CGS Core Schedule

- Your “CGS Core Schedule” is a packaged schedule of all three required CGS classes grouped together: HU = Humanities, SS = Social Science, and RH = Rhetoric.
  - January Boston-London Core Schedule options are identified with a Team letter (B or C) and a Schedule number (1 through 9.) For example: Team C – Schedule 1 is the “C1” combination of your three CGS required classes. Team B – Schedule 2 (B2) is a different combination, and so on. CGS Core Schedule options are listed on the Registration Form.

Step 3: Filling Out the Registration Form

- Using the elective search and the CGS Core Schedule information provided on the form, choose a CGS core schedule and an elective that fit together.

- Be sure not to create any time conflicts between your CGS core schedule and elective!
  - Classes end 10 minutes before the hour. Scheduling back to back classes does not create a time conflict (CGS HU from 9-10 am and then CAS PS101 from 10-11 am is ok!)

- Choose three different schedule options and list them in preference order on the Registration Form. You will receive a confirmation email once you have submitted your choices.
  - Examples can be found on the next page.
Registration Form: Examples

Option 1:
CGS Core Schedule  C4

Elective
College: CAS
Department: PS
Course: 101
Section(s): D1, D2*
  * D1 is the Lecture component, D2 is the discussion component. Both work with
    the B8 CGS core schedule and do not create any time conflicts.

Option 2:
CGS Core Schedule  B3

Elective
College: CAS
Department: LS
Course: 111
Section(s): C1*
  * CAS LS111 is an “independent” course, which means it does not require a
    lecture and a discussion. Only the “C1” is necessary.

Option 3:
CGS Core Schedule  C9

Elective
College: CAS
Department: CH
Course: 101
Section(s): A1, B4, C1, L3*
  * CAS CH101 requires a Lecture section (A1), a Discussion (B4), a Pre-Lab (C1),
    and a Lab (L3).
