

## Academic Planning Worksheet

### University of Copenhagen Exchange Program

Name: \_\_\_\_\_ BU ID: \_\_\_\_\_ Semester/Year Abroad: \_\_\_\_\_

Use this worksheet to help you keep track of the courses you are interested in taking while abroad. Planning ahead and including your Academic Advisor(s) in this process will help you confirm in advance that the courses offered on an exchange program are a good fit for your academic needs.

Remember to list more courses than you plan to take at your host university, so that you have plenty of backup options - use multiple copies of this sheet if necessary.

Host Course Name and Number	Level of Host Course (Bachelor's or Master's)	# of Host Credits	# of BU Credits		Intended application of this course to your academic program*	Additional Notes

\* Ex: major course, minor course, free elective, etc. – Must be approved by BU Academic Advisor(s)

#### **Recommended Next Steps**

- Schedule an appointment the appropriate advisor for your school/college/major(s)/minor(s) at BU, as well as your pre-professional advisor (if applicable), to discuss your course plan for study abroad
- Bring copies of syllabi or course descriptions from the host university to your advising appointment (if possible)
