BOSTON UNIVERSITY STUDENTS:
WHAT HAPPENS IF YOU HAVE COVID-19 SYMPTOMS?
FALL 2021

I am experiencing COVID-19 symptoms.

Stay-in-place
In your residence and minimize contact with others.

Have you completed your symptom screen yet?

NO
Report your symptoms on your symptom screen on Patient Connect.

YES
Healthway specialist will contact you to discuss symptoms. Or you may call the Healthway Medical Line 617-353-0550.

Symptoms deemed to warrant COVID-19 testing?

NO

YES
Healthcare specialist will determine whether other testing or visit is needed.

Healthcare specialist will schedule a test appointment for you at the Health Services Annex 925 Comm Ave, Rear.

Stay-in-place
In your residence until a result is returned, even if you are fully vaccinated.
If you are identified as a close contact and develop symptoms, even if you are fully vaccinated, you are required to quarantine for up to 14 days from your last exposure.

Did you test positive?

NO
Healthcare specialist will follow up and, if necessary, schedule you a medical visit at the Health Services Annex.

YES

Do you live on campus?

NO
Healthcare specialist will contact you and advise you on how to safely isolate at your residence. Boston University offers isolation housing for off-campus students who test positive.

YES

BU contact tracer will contact you to identify your close contacts.

Healthway will check in with you daily to monitor your health.

COVID-19 SYMPTOMS MAY INCLUDE ONE OR SEVERAL OF THE FOLLOWING NEW SYMPTOMS THAT HAVE ARISEN IN THE PAST 14 DAYS:

- Fever of 100°F, or feeling unusually hot (if no thermometer available) accompanied by shivering/chills
- New cough not related to chronic condition
- Difficulty breathing, shortness of breath
- Sore throat
- New loss of taste or smell
- Severe fatigue
- Severe muscle aches
