Add/Drop Form

Use this form to add or drop courses, change a class section, or update credits for a variable credit class. Registration requests are subject to review and approval. Students will not be added over the seating limit via this form. Class schedules may be viewed via the Student Link or at www.bu.edu/reg.

Standard Courses

Standard courses dropped during the first five weeks of class are not recorded as part of your permanent record. After the fifth week of class, drops will be recorded with a "W" grade and students will be responsible for the cost of the course. Students should refer to their school/college regarding signatures required for drops, and consider all course components (lecture, lab discussion) when considering dropping a course.

Non-Standard Courses

Please review course information and deadlines at www.bu.edu/reg.
