

## Curriculum Vitae

**Name:** Stjepko Golubic, Ph.D.

**Rank:** Professor Emeritus

**Address:** Biological Science Center, Boston University, 5 Cummington Mall, Boston, MA 02215,

**Telephone :** (617)353-2436; -2432 (leave message); Fax: -6340; mobitel: 508-762 8450

**E-mail:** [golubic@bu.edu](mailto:golubic@bu.edu)

**Born:** May 4, 1934 in Zagreb, Croatia

**Education:** Ph.D. Biological Sciences, University of Zagreb, Croatia --- 1963

### Employment:

2013- Professor Emeritus, Department of Biology, Boston University

1979-2013 Professor, Department of Biology, Boston University

1970-79 Associate Professor, Tenure 1973 – Department of Biology, Boston University,

1969-70 Associate Professor - Department of Biology, Paterson State College, Wayne, NJ,

1966-69 Instructor/Assistant Professor – Biology Department, Yale University, New Haven, CT

1965-66 Research Associate - Department of Geology, Princeton University, Princeton, NJ,

1963-65 Post-doctoral Fellowship, Alexander-von-Humboldt Foundation, Institute of Limnology,  
University of Freiburg/Breisgau and Bavarian Inst. for Experimental Biology, Munich, Germany.

1956-63 Research Assistant - Institute of Experimental Biology, Zagreb and Institute of Marine Biology,  
Rovinj, Croatia, both of the Yugoslav Academy of Sciences and Arts.

**Teaching:** General Microbiology (BI-311), Ecology of Lakes and Rivers (Limnology) (BI-317), Marine Microbial Ecology (BI-468/668). Evolution; Microbiology for Allied Health Professionals; Plant Biology; Ecology; Global Ecology; Introductory Biology; Biology of Algae; Environmental Evolution; Biology, Art, and Technology; Marine Microphytes; Microbial Geology; Graduate Seminars Limnology. Function and Evolution of Ecosystems. Directed Studies, Distinction Research.

**Student Advising:** Ph.D. and Master student research supervision, Undergraduate Advising, Advising students at other academic institution as guest professor.

**Research Interest:** Microbial ecology of carbonate deposition and bioerosion in Marine and Freshwater environments. - Diversity and Phylogeny of Cyanobacteria. - Ecology and diversity of coral reef cyanobacteria. Marine toxic cyanobacteria.

**Recent projects:** Role of microorganism in carbonate deposition in modern and ancient environments: Deep Sea Bioerosion: Diversity of microorganisms penetrating carbonate substrates. - Microbial mats and Microbialite-constructing microorganisms in tropical lagoons and coral reefs: Tahiti and Moorea Islands; Microbialites in “Scatterer Islands” of the Indian Ocean (collaboration w. Dr. Mayalen Zubia)

**Honors, Fellowships and invited participations:** - 2017 Field research on microbial bioerosion on limestone coast of the Adriatic Sea, Croatia. -- 2016 Field research on Hydrothermal Springs in Yunnan Province, China. -- 2015 Senior Fulbright Specialist Award to NW University in Xi’an, and

Biological Institute of the Chinese Academy of Sciences in Changdu, China: Study of ambient temperature travertine in National Parks Jiuzhaigou and Huanglong, Sechuan, China. -- 2015 Research collaboration with Dr. M. Zubia on Coral Reefs in Tahiti and Moorea, French Polynesia. -- 2014 Visiting professorship at the University of Dhahran, SA. -- 2014 Membership *Honoris Causa* of the German Palaeontological Society. -- 2013-14 FNRS-supported Research and Teaching at the University of Liege, Belgium. -- 2012 Invited convenor of the Symposium "Microbial Carbonates" at the Meeting of International Association of Sedimentologists (IAS) in Schladming, Austria, Sep. 10-13, 2012. -- 2010-11 Hanse Institute for Advanced Studies Delmenhorst, Germany - Fellowship (Jun.-Aug. 2010; Sep.-Nov. 2011). -- 2009-10 Invited External evaluator, Biology Department, Sultan Qabus University, Oman: (05/25-06/04, 2010 & 06/15-28, 2009. -- 2009 Spiridion Brusina Award of The Croatian Society of Natural Sciences for lifetime achievement and promotion of Croatian science. -- 2008 Invited Keynote Speaker at: (a) Symposium "Cyanobacteria, architects of our environment": Edinburgh, 03/31-04/03 and (b) International Symposium "Evolution across scales – Biosphere/Geosphere", 06/26-28, Potsdam, Germany. -- 2007 Invited Keynote Speaker: "Natural populations of Cyanobacteria" at 17th Symposium of the International Association for Research of Cyanobacteria, Merida Mexico, June 25-29. -- 2002 Invited lecturer at International Geobiology Course, at Wrigley Marine Laboratory of the University of Southern California. -- 2001-2006 Journal of Paleontological Society of Korea, Editorial Board Member. -- 1999 Fellowship of Hanse Institute for Advanced Study, Delmenhorst, Germany. -- 1998 onward: *Geologia Croatica*, Editorial Board Member. -- 1997 NASA, Exobiology Panel. -- 1991 Senior Research Award, Alexander-von-Humboldt Foundation, Germany. -- 1991 Nobel Conference on Early Life, Karlskoga, Sweden. -- 1990-2000 Precambrian Research, Editorial Board Member. -- 1988 Alfred Wegener Conference on Early Organic Evolution, Maria Laach. Germany , co-organizer. -- 1987 International Geological Coordination Program, IGCP-261. 1983, -- 1986 9th and 10th International Symposium on Cyanophyte Taxonomy - Co-organizer. -- 1977-1980, NASA, Planetary Biology, Panel. -- 1977 National Academy of Sciences, Ecology Panel. -- 1975 Research Fellowship, Alexander-von-Humboldt Foundation, Germany. -- 1972-1988, International Geological Coordination Program (IGCP-157), Sub-project coordinator.
