Symposia

- Last year's attendance at the symposia was high and post-conference survey comments were positive.
- This year, the symposium CFP went out earlier than (and separately from) the regular call.
- 3 proposals were received and reviewed by a panel of 13 reviewers.
- Positive reviews of all the proposals made selecting only one difficult.
- We would like to continue to encourage attendees to develop and submit symposium proposals in the future.

Student attendance incentives

- Held **2 poster sessions** (not competing with talk sessions) – more accessible for novice presenters
- Continued to give student **travel awards** to both authors and non-authors (40 this year, totaling \$18K+ in support)
- Continued to **recognize highest-ranked student paper** with *Jean Berko Gleason Award* (this year's recipient is **Minju Kim** of UC San Diego!)
- Continued to organize **student workshop** specifically for trainees (students & postdocs)

(Relatively) new this year!

- Extended length of poster sessions from 1.25 to 2 hours
- Minimal printed matter
- Web schedule/program revamped (with short abstracts)
- Pop-Up Mentoring Program (in collaboration with LSA COGEL)
- Organized posters thematically into “poster groups”, allowing presenters in same subject area to talk to each other

Thanks to the student organizing committee of BUCLD 47!
