BU surveys its undergraduate degree recipients each year to learn about paths taken following graduation, including employment, graduate school, military service, and volunteer or service activities.

Data collection started prior to graduation and concluded in December 2016. Methods included a web-based survey, phone calls, and LinkedIn research.

Average Starting Salary

* Calculated as follows: Each school’s average salary was multiplied by the number of its degree recipients. All of these results were added together, and the grand total was divided by the total degree recipient population.

** NACE Center for Career Development and Talent Acquisition, “Average Starting Salary For Class Of 2016 Held Steady” (July 2017).
