This award will be granted to an outstanding CAS senior woman* (minimum grade point average of 3.5) to be used for traveling or studying abroad after graduation. The fund stipulates “such income shall be applied to establish scholarships and to enable the most meritorious and needy female students to be sent abroad after graduation to complete their studies.” Implicit is the recognition that learning, in Ms. Draper’s opinion, should extend beyond the classroom walls and take place in foreign climes.

A group of finalists will be selected from all applications. Finalists will be asked to attend a brief interview with the award committee at the end of March or early April. For more information, please contact Ali Grise, Director of Academic Advising, at agrise@bu.edu

*As an inclusive institution, any woman-identified graduating CAS student is eligible.
