

## Accessing the VMware Horizon (VDI) from a Web Browser

Note: Using the Horizon Client (Available for Windows, MacOS, and Linux) is preferred and will provide a better experience. Use these instructions only if you are unable to install the client application.

1. Connect to BU's VPN. Instructions are available here:  
<http://www.bu.edu/tech/services/cccs/remote/vpn/use/>

Skip this step if you are already connected to BU's wired or wireless (BU eduroam) on-campus network.

2. Open a web browser (Firefox or Chrome preferred). Go to: [casit-vdi-con1.ad.bu.edu](http://casit-vdi-con1.ad.bu.edu).

3. Click VMware Horizon HTML Access.

4. Enter your BU Username and Password.

5. Click on the icon for your course. The virtual desktop will launch right in the browser.

6. To logoff click the button on the desktop:
