CDS Talent Sprint 2026

Rapid Networking & Personalized Speed Interviews

Your Career Advantage

PERSONALIZED EMPLOYER CONNECTIONS

Skip the crowded career fair experience. Meet directly with employers interested in students with skills and experiences like yours.

Selected students will receive a personalized interview schedule and meet one-on-one with participating employers during the Speed Interview Session.

Registered students will connect with employers through open conversations during the General Networking Session.

Connect | Learn | Grow

Two Sessions, Two Ways to Connect

The CDS Talent Sprint offers two different opportunities to connect students with employers:

- Personalized Speed Interviews
- General Networking

Students may register for one or both sessions, depending on their eligibility and career goals.

**Separate registration is required for each session.*

Sessions & Eligibility

Speed Interviews | 3-6pm

Who:

CDS Juniors & Seniors only

Format:

10 minute-meeting + 5 minute break

The Experience:

Average of 12 students per employer

Important:

Registration does not guarantee an interview. Students must apply and be selected.

General Networking | 6-7pm

Who:

Students from across Boston University

Format:

Connect with employers, explore opportunities, practice your introduction, and grow your professional network.

Schedule:

No personalized interview schedule is required.

Speed interviews

The CDS Talent Sprint is CDS's first major recruiting event, connecting students directly with employers through personalized Speed Interviews and open networking.

Companies

Companies are invited to register by submitting their open roles along with the preferred skill sets and professional experience they are seeking in candidates

Students

Students submit their areas of interest, technical skills, and relevant experience

Match

The matching process connects positions with students whose skills align specifically with the indicated technical requirements

Important Dates

Speed Interviews | 3-6pm

Prepare early so you are ready to make the most of every employer conversation.

August 31

**Student registration
opens**

September 17

**Student registration
closes**

General Networking

Why Attend the General Networking Session?

Networking can open doors to opportunities you may not find online. During this session, you can:

- Meet employers from different industries
- Learn about internships and full-time opportunities
- Discover what companies look for in candidates
- Practice introducing yourself and discussing your experience
- Ask questions about roles, career paths, and company culture
- Build professional connections for the future

You do not need to be actively job searching to benefit—come ready to connect, learn, and explore!

Important Dates

General Networking | 6-7pm

Prepare early so you are ready to make the most of every employer conversation.

August 31

**Student registration
opens**

September 17

**Student registration
closes**

Before the Event

**To ensure a meaningful
experience, selected
