

Hazardous Waste Area Weekly Inspection Guidelines

According to Massachusetts law, Hazardous Waste Areas must be inspected weekly. For more information, contact the Office of Environmental Health and Safety at 353-4094.

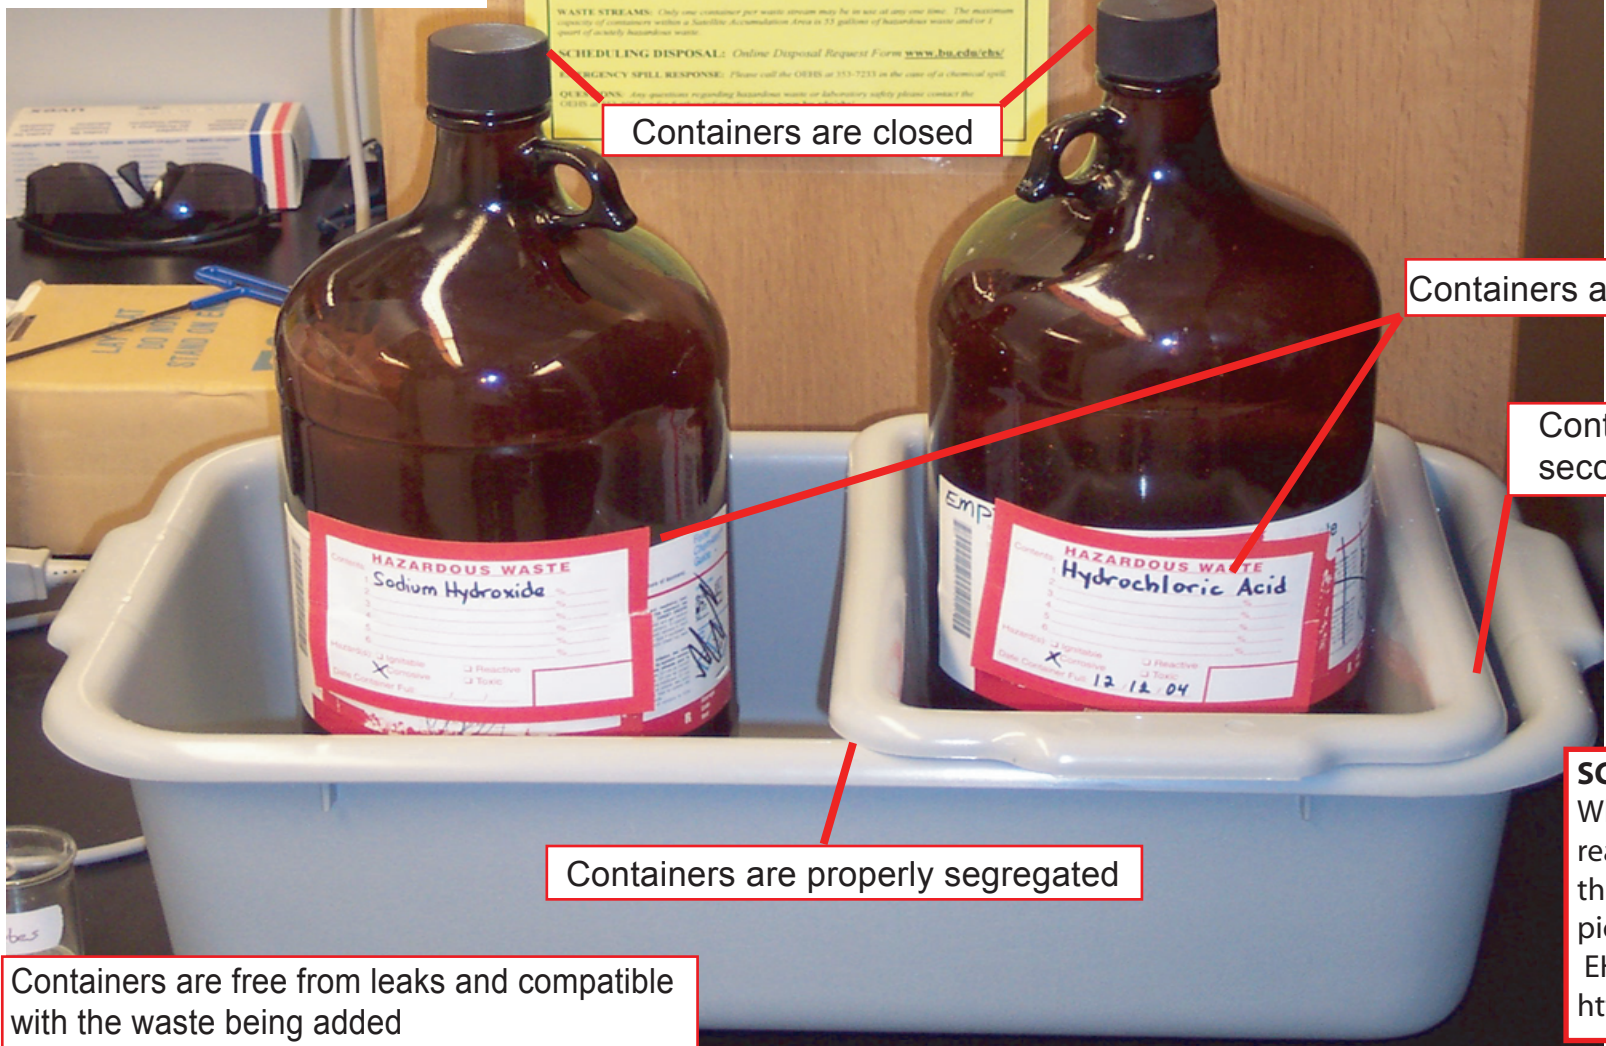

Proper Container Labeling:

The words "Hazardous Waste"
The complete chemical name(s)
The associated hazard characteristics
The date when the container is full

HAZARDOUS WASTE	
Contents:	Hydrochloric Acid
1.	%
2.	%
3.	%
4.	%
5.	%
6.	%
Hazard(s):	<input type="checkbox"/> Ignitable <input type="checkbox"/> Reactive <input checked="" type="checkbox"/> Corrosive <input type="checkbox"/> Toxic
Date Container Full:	12 / 12 / 04

Area is identified by a sign

Only one container per waste stream

SCHEDULING DISPOSAL:
When the container is ready for disposal, date the label and schedule a pickup by visiting the EHS web site at <http://www.bu.edu/ehs>.
