Boston University Classrooms

QUICK-START OPERATION INSTRUCTIONS: CRESTRON TSW-760 CONTROL PANEL W/ COMPUTER

1 **2**
TURN ON THE MEDIA SYSTEM & SELECT SOURCE:

- Touch the screen to activate.
- Press the button along the bottom that states "**Touch here to start your presentation**". The projector will power up and turn on once your source is selected (below). Please lower the manual or electric projection screen.
- Choose **COMPUTER SOURCE** or **DVD PLAYER** along the bottom of the control panel
- **COMPUTERS:** Select your source. Select DESKTOP to use the built-in computer. To connect wirelessly, select the Wireless Presentation option and follow the instructions on the projection screen. Connect via the Wall or Rack Interface to use your own laptop.
- **DVD PLAYER**: Insert your standard or Blu-ray DVD into the Blu-ray Player in the A/V cabinet
- *Note: VGA and HDMI cables are provided in the rack drawer in the A/V cabinet. There is also a backup VGA and HDMI input available in the rack.*

3
ADJUST VOLUME:

- Touch VOLUME button, then use the "Volume Up/Down" buttons to adjust the level.
- Be sure that "Volume Mute" is not highlighted

   NOTE: This controls volume for both Computer Audio and DVD sources. Please remember to check the volume on your laptop.

4
TURN OFF THE SYSTEM AFTER USE:

- Touch the POWER button on the bottom right.
- When asked, confirm that you want to turn the system off.
- Please return the projection screen to the raised position

   NOTE: The installed laser projector takes a few seconds to cool down, after which system restart can occur

5
QUESTIONS OR EQUIPMENT PROBLEMS?:

- **For immediate assistance, please call LETS at (617) 353-3227**
- Send an email to classrooms@bu.edu to report equipment issues
