

McCreary Family Internship Fund

About

In support of the campaign for Boston University, and the priorities of the College of Communication, Colleen Wheeler McCreary (COM'95) and Andrew McCreary are offering internship funding for Boston University College of Communication Students. Students learn by doing, putting newly acquired skills to work and building credentials and connections for their future careers. This fund is meant to help students who might not otherwise be able afford a summer internship.

Available Funding

One undergraduate student registered full-time in the College of Communication who is currently pursuing a Summer 2025 internship is eligible to receive a stipend reward from McCreary Family Internship Fund of \$4,000. Preference will be given to students who demonstrate the most significant financial need.

How to Apply

- Submit the following documents in one PDF to Nichelle Cross nicross@bu.edu by **Thursday April 17th, 2025**
 - Offer letter
 - Resume
 - Cover letter describing your internship describing the need for the funds
 - Cover sheet with your information
