BOS

BREAK THROUGH TECH AI **BOSTON** 2024-25 PROGRAM

**Application Opens
JANUARY 2024**

OUR PROGRAM

Break Through Tech AI is a 100% free, 1-year extracurricular program that helps undergraduate women, non-binary, and underrepresented students gain the skills they need to get jobs in data science, machine learning, and artificial intelligence. We are now recruiting students from Greater Boston Area institutions to join our 2024-25 program, which will run from May 2024 - April 2025.

HIGHLIGHTS

- Hybrid AI/ML summer course
- Team-based challenges supplied by industry-leading companies
- Mentorship and career development

KEY
