Note: The word bank is on the following page

DECEMBER COGNITIVE KIT WORD SEARCH PUZZLE

WORD BANK:

ATHLETES	PRESENTATION	PATHOLOGICAL
MILITARY	GENETICS	CLINICAL
RESPONDERS	BIOMARKERS	MOLECULAR
NEUROPATHOLOGY	DETECTION	DONATIONS
	PREVENTION	

LEARN MORE ABOUT THE BU CTE CENTER BELOW:

1. The CTE Center conducts high-impact, innovative research on chronic traumatic encephalopathy and other long-term consequences of repetitive brain trauma in:
 - a. **Athletes**
 - b. **Military** personnel
 - c. First **responders**
 - d. Victims of physical violence
 - e. Others affected by head trauma
2. The mission of the CTE Center is to conduct state-of-the-art research on CTE, including its:
 - a. **Neuropathology** and pathogenesis
 - b. Clinical **presentation**
 - c. **Genetics** and other risk factors
 - d. **Biomarkers**
 - e. Methods of **detection** during life
 - f. Methods of **prevention** and treatment
3. The CTE Center has three main divisions of research:
 - a. **Pathological** research
 - b. **Clinical** research
 - c. **Molecular** research
4. The UNITE Brain Bank has received over 1,600 brain **donations**
