

Community Forum:

Moving Towards a Racially Just and Equitable Health Research Enterprise

This Community Forum will include three short presentations that explore pathways to more racially just and equitable research practice by examining systemic/structural racism in research.

Presentations will focus on recommendations for next steps, followed by a facilitated discussion guided by the question: How can we transform research, with consideration for past and present experiences of racism and marginalization, towards an equitable, healthy, and safe future for everyone?

Presenters:

Sara Folta, PhD, MS

Linda Hudson, ScD, MSPH

Robert Sege, MD, PhD

Christine Sinclair, MS, MA

Thursday, July 2, 4:00-5:00PM, online via Zoom
