

BU CTSI Spotlight

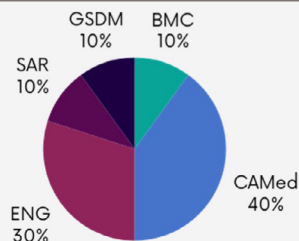

Integrated Pilot Grant Award Program 2024

To promote the success of investigators at BU and BMC, [the Integrated Pilot Award Program](#) provides funding for basic, clinical, implementation, and population health science projects that span the spectrum of translational research. In 2024, we are pleased to report that 50 investigators from across BMC and both BU Medical and Charles River campuses, applied to the Integrated Pilot Award Program sponsored by the BU Clinical and Translational Science Institute (See the [pilot awardees here](#)). Ten pilot projects were funded that totaled \$373,600 to investigators. (See Fact Sheet below)

50 APPLICATIONS ACROSS 6 BU SCHOOLS & BMC

\$373,600 was awarded to 10 PIs from 4 BU Schools/Colleges & BMC

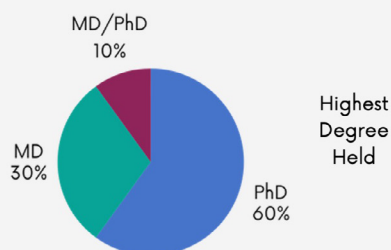

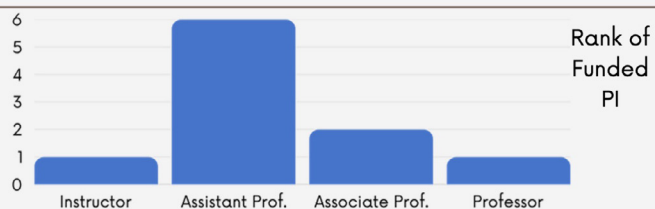

TEAM SCIENCE

8 Team Science Projects Funded

EARLY CAREER

Majority of Awardees are Assistant Professors
