

Summative Evaluation Plan

9. Graduates must be competent in the **replacement** of missing teeth to form, function and esthetics using **removable** partial dentures and complete dentures for patients throughout their lifecycle.

Type of Testing Procedure	Evidence Collected as Linked to Subcompetencies	Schedule	Setting or Conditions	Eligibility Criteria for Testing	Criteria and Standards for Passing	Remedial Procedures	Responsibility for Testing	Responsibility for Analysis & Interpretation of Results	Responsibility and Procedure for Final Judgment & Sign-out
1. Quizzes (25) using short answer	Utilization of texts, literature A, B, C, D, E, F	Remo Pros (RS 522) Year 2 (DMD II) Year 1 (AS I)	Done individually via the Internet in advance of lecture	Registration in course	Handed in before each class for attendance evaluation	None, results in grade reduction if unsubmitted	Course Director, Dr. Emerling or Schnell	Course Director, Dr. Emerling or Schnell	Review and synthesis of all evidence from all 9 sources outlined in the first column of this table by the Division Director, Dr. Jean Emerling. Judgment about attainment of competency is recorded using the web-based competency sign-out system that can be monitored by each student.
2. Written Exam (4) using multiple choice, short answer	Knowledge of concepts, principles A, B, C, D, E, F	Remo Pros (RS 522) Year 2 (DMD II) Year 1 (AS I)	Classroom, group setting at end of Removable Prosthodontics I Course	Completion of didactic course (RS 522)	Grade of C- or above	Tutoring, videotapes additional formative procedures, and retesting as directed by Faculty	Course Director, Dr. Emerling	Course Director, Dr. Emerling	
3. Written Exam (2) using multiple choice, Group Projects (4) for extra credit	Knowledge of concepts, principles, Utilization of texts, literature A, B, C, D, E, F	Remo Pros (RS 532) Year 3 (DMD III) Year 2 (AS II)	Classroom, group setting at end of Removable Prosthodontics II Course	Completion of didactic course (RS 532)	Grade of C- or above	Tutoring, videotapes additional formative procedures, written assignments, and retesting as directed by Faculty	Course Director, Dr. Emerling	Course Director, Dr. Emerling	

4	Skill Test (4) on Vertical, Occlusion, Rest Preps, Partial Design using simulators	Knowledge and skill of concepts, principles, techniques B, C, D	Remo Pros (RS 522) Year 2 (DMD II) Year 1 (AS I)	Simulation Learning Center	Complete the course as outlined in syllabus (RS 522)	Grade of C- or above	Tutoring, videotapes additional formative procedures, and retesting as directed by Faculty	Division Director, Dr. Emerling and Preclinical Instructors	Division Director, Dr. Emerling	Review and synthesis of all evidence from all 9 sources outlined in the first column of this table by the Division Director, Dr. Jean Emerling. Judgment about attainment of competency is recorded using the web-based competency sign-out system that can be monitored by each student.
5.	Skill Test (4) on Impressions, Post Dam, Records, Rest Preps using patients or simulators	Knowledge and skill of concepts, principles, techniques A, C, D	Remo Pros (RS 632) Year 3 (DMD III) Year 2 (AS II)	With a patient in a portion of a clinic session	Completion of 2 qualifying formative exercises for each test	Rating of Clinically Acceptable or above	Completion of 1 additional qualifying exercise for each failed test	Clinical Instructors	Course Director, Dr. Emerling	

6. Com- petency Tests (7): 1 ^o Imp. 2 ^o Imp CR, VDO Post dam Try-In Insertion Adj. Using Summa- tive Eval- uation Tool	Knowledge, skills, values of concepts, principles, techniques A, D, F	Remo Pros (RS 642) Years 3, 4 (DMDIII, IV) Year 2 (AS II)	Clinic (individual)	Completion of 2 qualifying formative procedures for each test, faculty signatures	Rating of Clinically Acceptable or above	Completion of 1 add'l qualifying formative procedure for each failed test	Clinical Instructors	Course Director, Dr. Emerling	Review and synthesis of all evidence from all 9 sources outlined in the first column of this table by the Division Director, Dr. Jean Emerling. Judgment about attainment of competency is recorded using the web-based competency sign-out system that can be monitored by each student.
7. Com- petency Test (1) on Lab Problem Solving	Knowledge, skills, values of concepts, principles, techniques F	Years 2, 4 (AS II, DMD IV)	Clinical Laboratory (individual)	Completion of tutorial	Rating of Clinically Acceptable or above	Completion of second tutorial before re-exam	Laboratory Director	Course Director, Dr. Emerling	
8. Chart Stimu- lated Recall	Patient, Treatment Management (XVI)	Submitted by April 1 st of final year	With Drs. Emerling, Maalouf, Schnell or Roberts by appointment	Completion of all patient treatment in Removable Prosthetics	Rating of Clinically Acceptable or above	Additional patient assignment	Division Director, Dr. Emerling, Drs. Schnell, Roberts, Maalouf	Division Director, Dr. Emerling, Drs. Schnell, Roberts, Maalouf
