GUIDELINES FOR EVENT PARTNERSHIP WITH OSDO

The mission of the OSDO is to link the University's senior leadership with the broader BU community. Collaborative engagement with key BU stakeholders is embedded in our commitment to ongoing dialogue and support of evolving DEI initiatives. Our goal is to promote inclusive excellence in an environment where everyone feels welcomed, respected, and supported to achieve their full potential.

The OSDO aims to spearhead campus-wide events that are aligned with our values and are relevant to the needs and interests of the BU community. We strive to create events that promote community engagement while also having an educational component.
