

Date: March 26 2018

Dear Valued Customer:

### **Notice of Obsolescence**

**Per your request, let this letter serve as written notification of the obsolescence of the following product.**

Product : 1184

Obsolescence Date: 2012

As an obsolete product, we are no longer manufacturing spare parts for this system. As a result many parts are no longer available. Any request for service or spare parts is on a "Best Can Do" basis.

Regards,

***Technical Support***

## **Product Discontinuation Notification**

*Forma Class II Type A1 and A2 Biological Safety Cabinets*

July 26, 2007

Dear Customer/Distributor,

Please accept this letter as official notification regarding the discontinuation of the Forma Class II Type A1 and A2 Biological Safety Cabinets. Please see the *Affected Items* page for a detailed list of products included in this announcement.

Orders will be accepted until **August 31, 2007**. To identify the best product to replace your current product, please refer to the *Affected Items* page or contact your Thermo Fisher Scientific Sales Representative.

Thermo Fisher Scientific stands behind their Biological Safety Cabinets and Laminar Airflow Workstations and the action to discontinue these products is part of Thermo Electron's program to continue giving you fresh products that best suit your needs.

As a world-class supplier of Biological Safety Cabinets we are committed to providing service and support on these products for at least seven years

We look forward to continuing to support your needs and assisting you through this product transition.

Regards,

Brenda Freidag

Senior Product Manager, Laminar Airflow Products and Biological Safety Cabinets

## **Product Discontinuation Notification**

*Forma 1148/1168 Class II, B2 Biological Safety Cabinets*

February 28, 2007

Dear Thermo Fisher Employee[s],

Please accept this letter as official notification regarding the discontinuation of Forma 1148 and 1168 Class II, B2 Biological Safety Cabinets. Please see the *Affected Items* page for a detailed list of products included in this announcement. The NSF listing on the 1148 expired in November 2006, and the NSF listing on the 1168 will expire in April 2007. Per NSF guidelines, we must stop promoting these model numbers and have therefore discontinued the items.

Manufacturing of the 1168 will be discontinued on **April 30, 2007** and orders will be accepted on the 1168 until **March 31, 2007** unless otherwise noted on the *Affected Items* page. There is currently no other Class II, B2 cabinet to offer as a substitute at this time.

Thermo Scientific stands behind their Biological Safety Cabinets and the action to discontinue these products are part of Thermo Electron's program to continue giving our customers fresh products that best suit their needs.

As a world-class supplier of Biological Safety Cabinets, we are committed to providing service and support on these products for at least seven years

We look forward to continuing to support our customer's needs and assisting them through this product transition.

Regards,

Brenda Freidag
