

MS Thesis Supervisor Approval Form

Appropriate faculty, scientists or researchers (holding a PhD or MD) within or outside of the University can be approved as a student's principal research advisor or co-advisor if they have an active research collaboration with a primary BME faculty member who will agree to serve as the student's research co-advisor. Both co-advisors are required to serve on the student's Advisory Committee and the BME co-advisor will act as academic advisor.

PLEASE ATTACH THE CO-ADVISOR'S CURRICULUM VITAE.
