

International Master in European Project Planning and Management

4TH EDITION

Methods and Techniques for Planning and Managing Projects
funded by the European Commission

Florence, Italy

OBJECTIVE

The International Master in European Project Planning and Management provides graduate students with the skills to plan and manage European projects.

The Master is coordinated by Pixel, an international education institution with a specific expertise in European project management, in cooperation with a large European partnership.

PROGRAMME

The programme is organized in two main thematic areas:

European Project Planning

- Analysis of European funding opportunities
- Development of effective project ideas
- Creation of transnational project partnerships
- Planning project budgets
- Filling in the Application Form for the project submission
- Project evaluation and selection process

European Project Management

- Project Life Cycle and Organization
- Coordination of the project work
- Management of the project partnership
- Communication and leadership
- Dissemination, exploitation and sustainability
- Financial management, reporting and auditing

ORGANIZATION

The Master course is held in Florence, Italy.

The language used is English.

The Master has a total duration of 5 months (800 hours).

The Master activities are organized in:

- Classroom based training
- Project Work
- International internship

WHY CHOOSE THIS MASTER?

For 5 good reasons:

1) The training content. The Master provides participants with practical skills to submit European projects as well as to successfully manage them.

2) The practical approach. Every participant is actively involved in practical simulations focusing on writing European projects and developing management strategies.

3) The experience of the coordinator of the Master. Pixel, has over fifteen years of experience in European cooperation and was directly involved in over 90 European projects.

4) The skills of the international teaching staff. The teaching staff, representing several EU countries, is composed by international experts with 15 to 20 years of experience in European project planning, management and assessment.

5) The International Internship. The Master organize for all participants a three month internship abroad, to work as Assistant European Project Manager in organizations with long experience in European project management.
