

Boston University School of Public Health

Sponsored by the Department of Health Law, Bioethics & Human Rights

THE 4th ANNUAL CATHY SHINE LECTURE

**SIDNEY M.
WOLFE, MD**

Is there a role for regulatory agencies in creating an environment to improve the health of patients? Public Citizen's Health Research Group cofounder and former FDA Drug Safety and Risk Management Advisory Committee member Sidney M. Wolfe, MD, offers powerful examples from his experiences to contend that while some agencies have a role, they have failed to perform it adequately, leaving patients in danger.
