Dance Program Mission: Our dance program provides students with technical, historical and compositional courses in multiple genres of dance designed to prepare and enhance their skills in communication, critical thinking and self-expression. Our curriculum choices offer multiple ways of investigating dance as a physical, aesthetic, intellectual and cultural practice. As part of *One BU /Recommendations for Accessing the Arts at BU*, we encourage our students to use their imaginative spirit to find opportunities to create innovative cross-discipline research and practice.

Course Description: This course is designed as an introduction to the American Style East Coast Swing combined with elements of Lindy. Combining the two will enhance one's ability to dance, create and enjoy a wide range of Swing music. And introduction to the Foxtrot will expand the student's experience of the music and the dance. Students who have had little or no instruction in these styles of dance should begin their instruction here. The course is also in depth enough for students who may have taken previous Swing classes for the purpose of building confidence and gaining additional dance experience with a partner.

Course Objectives:

- **Basic Elements:** the four elemental movements that create the Ballroom & Rhythm styles. (walks, chasses, rock steps, triple steps)
- **Identifying Styles:** Students will be able to identify and explain the different styles of Ballroom dance [Smooth vs Rhythm] and demonstrate that knowledge with physical clarity.
- **Directional Movements:** Students will learn the six directional movements required performing Ballroom dance. [forward, back, left, right, rotating left, rotating right]
- **Basic Rhythm Comprehension:** Students will learn to hear the basic key rhythms associated with Ballroom dance as each dance has its own rhythmical sound.
- **Time Signatures & Beat Values:** Simple time signatures will be explained and basic musical beat values will be taught and students are expected to be able to demonstrate them correctly according to the dance being danced. [Slow = 2, quick = 1, and = $\frac{1}{2}$ a = $\frac{1}{4}$]
- **Basic Dance Holds & Positions:** Students will learn the basics of the various dance holds and dance positions. Proper alignment of the head, torso, hips, and feet in relation to the partner for sound anatomical correctness and improved well-being.
- **Basic Leading & Following:** Students will learn the leaders role and the followers role of partnership dancing
- **Basic Foot Patterns & Amalgamations:** Students will learn basic principle figures [foot patterns] and build the confidence to amalgamate [connect] several of them together to create their own unique groupings.
