

# Developing a Basic Package of Health Services in Afghanistan

Looking for an IH event before classes officially begin? Join other IH students and faculty for a *Health Policy and Management Emphasis Area Meeting*

**Friday, January 6th from 12-1:30pm**  
**Room CT460A**

**Dr. Hedayatullah Stanekzai**, a native of Afghanistan and the current policy advisor on child health to the Ministry of Public Health, was the Team Leader of the BASICS/Afghanistan—a child survival project since 2008. Join the Department of International Health as we learn about Dr. Stanekzai's implementation of several projects in his home country, as well as his work as the Director of an NGO, Officer for UNICEF, and more.

This event is highly recommended for students in the HPM Emphasis Area but all are welcome!

**Pizza will  
be served!**
