

The Women and Health Initiative  
is delighted to welcome

# Deborah Maine

**“HPV Vaccine:  
Does it make sense?”**

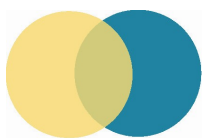

**Wednesday  
May 16, 2012  
12:30 – 1:30pm  
FXB G-11**

All are welcome to attend and encouraged to bring a brown bag lunch.  
Light refreshments will be served.

Deborah Maine, DrPH, is an epidemiologist with a background in anthropology and has worked on reproductive health in developing countries for more than 30 years. To read one of Dr. Maine's latest papers on cervical cancer prevention in the 21st century, scan the QR code to the left.
