

# Women in Global Health

Join global health professors and other experienced women in global health to engage in a formative discussion about the social, political, cultural, and economic factors affecting women's positions in society and their contributions to global health and innovation.

***Only 15 spots available—first come first serve!***

*(priority will be given to those who have not attended previously)*

**Friday, April 10th 2-4:00 pm in CT-305**

**Thursday, April 23rd 6-9:00 pm in CT-305**
