

YACHAY SEMINAR

Dialogue of Wisdom from Indigenous
Voices of the Andes and Amazon

APRIL 19-21, 2018

**BOSTON UNIVERSITY
PHOTONICS CENTER
(8 ST MARY'S ST)**

Participate in an intercultural dialogue
with indigenous elders of Peru!

They'll share their knowledge on the Amazonian Rainforest, the Andes, and cover topics that will help us understand what it means to be in community, of working together, and what it means to persevere as a people.

This also includes the worldwide premiere of the documentary "Voices That Heal" which focuses on the healing practices, the world views and the native languages of four villages in the tropical jungles of Peru.
