

To the conference participants:

My presentation will focus on the draft entitled, *Harmless Free Riding*, which you will find posted on the conference website.

I have also posted there drafts of two other articles -- both short -- that are part of the same project. Should anyone wish to see them, the other drafts are *Time and Intellectual Property after Coase*, and *Proximate Cause in the Law of Copyright: Linking Liability to Incentives*.

Thank you for coming to the conference.

With warm best wishes,

Wendy
