LEADERSHIP PROFILE

Adjunct professor, attorney, business leader, consultant, and executive with career record of success in corporate, federal & state government, and international settings. Accomplished in leading large organizations, defining strategy, and executing vision. Proven ability to provide the transformational leadership required to guide organizations through challenging change initiatives. Leverages a unique depth of expertise in law, government, organizational management, public policy, strategic planning, and negotiation to strengthen operational performance and achieve the objectives of all stakeholders. Develops talking points, presentations, and messaging to effectively advocate with policy makers, legislators, and business leaders.

Solutions-oriented leader, consistently sought out as a trusted advisor and resource; forges strong relationships, balances the strategic and operational requirements of the organization, and sees obstacles as opportunities for positive change. Leads with authenticity, provides clear direction, communicates effectively, and navigates confidently at all levels of the organization and across functional areas. Large, well-established network of state and federal lawmakers, key members of government, corporate/academic leaders, policy makers, colleagues, and opinion leaders nationwide. Active Top Secret security clearance.
