

**BOSTON UNIVERSITY PHOTONICS  
RESEARCH TRAINING (PRT) PROGRAM**

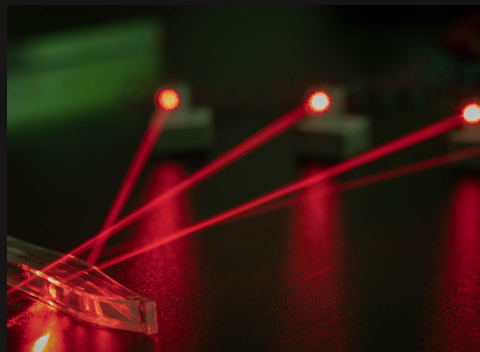

# PRT

---

## PROGRAM

A university-wide community of doctoral students with focused professional development and graduate training in a variety of areas of **photonics research**.

---

## ELIGIBILITY

The PRT Program is open to all BU doctoral students who engage in photonics-based research from any graduate program at BU.

## OPPORTUNITIES

---

**BU Photonics Research Trainees:**

- Are eligible for **Photonics Center Travel Awards** and **Photonics Center Berman Future of Light Awards** for outstanding posters at Photonics Center Symposia poster sessions.
- Develop **professional skills** as they plan and organize **Photonics Center symposia and technical seminars**.
- **Connect** with other students from across the University who use photonics in their research.

Interested Students: find out more information at: [bu.edu/photonics/prt](https://bu.edu/photonics/prt)
