

How to access Prehealth mock interview custom sets through Big Interview

- 1) Log into Big Interview through the Center for Career Development website:
<https://www.bu.edu/careers/networking-interviews/interviewing-the-big-picture/mock-interviews/>

- 2) Click, "Practice" and then "Practice Interviews."

- 3) Click on "Custom Sets."

- 4) Here you will find the Prehealth custom sets. The sets include competency-based questions that are applicable for all health professions, as well as profession specific sets including medical, dental, veterinary, podiatry, pharmacy, optometry, nursing, and physician assistant. We recommend practicing questions from “Prehealth: Competency Based for all Professions” and your chosen health profession specific set.

The screenshot displays a user interface for starting a new mock interview. At the top left, the title "Start a new mock interview" is shown. To the right, there are two tabs: "STANDARD SETS" and "CUSTOM SETS". The interface features a grid of six interview sets, each with a play button icon, a title, and an "Added on" date. The sets are arranged in two rows of three. The first row includes "MAMS Mock Interview Fall 2020" (added August 11, 2020), "Preprof Prehealth: Podiatry" (added April 24, 2020), and "Preprof Prehealth: Pharmacy" (added April 24, 2020). The second row includes "Preprof Prehealth: Optometry" (added April 24, 2020), "Preprof Prehealth: Nursing" (added April 24, 2020), and "Preprof Prehealth: Physician Assistant" (added April 24, 2020). Navigation arrows are visible on the left and right sides of the grid, and a progress indicator is at the bottom center.

Set Name	Added on
