TYPES OF FEDERAL FINANCIAL AID

**Federal Direct Stafford Loan** is a low-interest loan available to students for post-secondary educational expenses. The interest rate is fixed, set annually in July. An origination fee will be deducted prior to disbursement. For most current interest rates and loan fees for both the Direct Stafford and the Federal Graduate PLUS, please visit the U.S. Department site at studentaid.ed.gov/types/loans/interest-rates. Repayment begins six months after a student graduates or ceases to be enrolled at least half-time (6 credits per semester). The maximum loan limit is $20,500 per academic year.

**Unsubsidized Direct Loan** is one in which the government will not make any interest payments so interest accrues after loan disbursement and may be paid by students while in school or deferred until repayment. The maximum unsubsidized loan limit is $20,500 per academic year.
