

# EXPAND YOUR DEGREE

QUESTROM'S HEALTH SECTOR MBA COULD BE THE ADVANTAGE YOU NEED.

Leveraging Boston's position as an international hub for healthcare innovation, the Health Sector MBA program (HSM) at Questrom puts you at the center of the action and prepares you to make an impact. Whether you're full-time or part-time, by adding this specialization to your MBA, you can dive right into the vital health & life sciences sector in a program filled with opportunities.

## CAREER INTERESTS

With HSM, you'll have the chance to explore an extensive range of topics within the healthcare ecosystem including health service delivery, digital health, biopharma, biotech, regulatory policy, devices, diagnostics, and consulting.

## LIFELONG NETWORK

You'll benefit from the diversity of your peers—who have backgrounds in everything from healthcare to science to consulting to marketing to finance—and build a lifelong network along the way.

## RESOURCES & OPPORTUNITIES

Through clubs, case competitions, summer internships, global experiences, and more, you'll fully immerse yourself in the health sector—not to mention, you'll be in Boston, a world-renowned center for health care.

## CUSTOMIZATION

Our HSM students benefit because they get the full MBA experience and understand how to apply these business skills in the context of the health sector. Should your career choices change over time, your degree is built on the core Questrom MBA along with the ability to explore electives within the health sector or any elective that fits your interest. This degree will take you anywhere you want to go.

## MENTORING PROGRAM

HSM offers incomparable mentoring opportunities to make valuable connections with health sector leaders, including our 2,000+ alumni here and around the globe, to hone your skills.

## YOUR CAREER IS OUR TOP PRIORITY

At Questrom you will have the opportunity to work with a career coach and the Feld Center for Industry Alliances to affirm, clarify, or discover your career path, develop a search plan, and achieve your goals.

## YOURS FOR THE TAKING

Our Health Sector MBA program allows you to build comprehensive knowledge in health & life sciences—in a city that's a leader in this sector.

### OPPORTUNITIES AROUND

There are a variety of opportunities and ways for you to engage both at Questrom and in Boston. You can attend the annual Health & Life Science Conference, participate in healthcare case competitions, connect with alumni, partner with a mentor, go on treks to local healthcare companies, or consider the Boston health sector ecosystem as an experiential classroom.

### DEDICATED FACULTY

At Questrom, you'll find faculty members whose research and professional experience cluster around this vital sector of our economy, grounding your curriculum in reality and keeping you on the cutting edge. And you will have a dedicated faculty director to mentor you throughout your time here and beyond.

### CLUBS & OPPORTUNITIES

Questrom has over 25 graduate organizations, including the Health Sector Management Club, that provides educational, professional, and social events to further connect you with like-minded peers.

### ADMISSIONS REQUIREMENTS

We select MBA students based on various factors, including professional background, academic record, and accomplishments. For us, it's all about balance: we strive to bring a variety of professional, industry, and life experience to every class. For a full list of admissions requirements, please visit our website at [bu.edu/mba-admissions](http://bu.edu/mba-admissions).

### SCHOLARSHIPS

Questrom offers a variety of merit-based scholarship programs for qualified students. You're making a smart investment in Questrom and in your future. We're here to help.

### ADMISSIONS INFORMATION

For admissions requirements, application deadlines, and ways to connect with us, please visit our website. Ready to apply? If you have any questions, please contact the Graduate Admissions & Financial Aid Office at **617-353-2670** or [mba@bu.edu](mailto:mba@bu.edu).
