AN INTEGRATED CURRICULUM

Completed in as little as two years, this rigorous and engaging modular curriculum is designed to build your skills and prepare you to make critical decisions in the complex global business ecosystem.

Instead of studying subjects in silos with separate courses in marketing, accounting, finance, etc., you'll study real-world problems as they emerge—ensuring your development of the most relevant skill set to tackle challenges in a multi-faceted professional landscape.

The Online MBA begins with MOD 0 to launch the program and introduce the technology and weekly learning journey for the program. This is followed by 45 credit hours of coursework comprised of six 7.5 modules. The curriculum allows for one module per semester and each module builds on the one before it. **No more worrying about what courses to take and when.** You'll receive the same core business skill as those in our on-campus MBA programs, but will do in a fully integrated, innovation, 100% online format.
